GRADES K-1

Practice Leads to Learning!

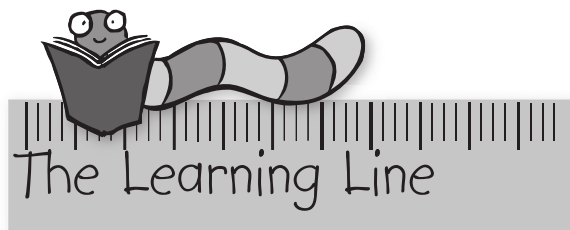

It takes practice to master any skill.

The activities in this book provide practice for the skills listed to the left.

Make practice times successful for your child.

- Keep practice sessions short and frequent.
- Set aside a quiet, comfortable work area.
- Provide needed materials, such as pencils, erasers, and crayons.

Discuss the completed work and provide help to correct mistakes. Above all, praise your child's efforts!

Congratulations on your purchase of some of the finest teaching materials in the world.

Answer Key

Please take time to go over the work your child has completed. Ask your child to explain what he or she has done. Praise both success and effort. If mistakes have been made, explain what the answer should have been and how to find it. Let your child know that mistakes are a part of learning. The time you spend with your child helps let him or her know you feel learning is important.
